Here is a little slice of Humboldt heaven located down a country road near the historic village of Ferndale. This unique property features a combination of rolling pasture land, mature trees, and a small orchard. The manufactures home has a nice floorplan with new siding and awning. New roofs were installed on the house and garage in 2016. The detached garage has a single car garage, plus lots of additional space for storage; or a potential conversion to living space, work shop, or art studio. The large barn has 3 horse stalls, a hay loft, tack room & office. All this and more just minutes from town.
